as mentioned above, these are generated by your download tool, so to find out what these "4 digit" are, you must look up the download tool vendor's site. So for the WinRAR tool, click on the About button near the top of the WinRAR window and choose Download Support File. This will open a support document from WinRAR that has an example of the hash. In this example, the hash is 00DE3F4C2F887E2E5975E28FD9C632CAB8A04C2. I've made a bunch of these, so I may be able to dig up one for you in a few hours. I've been trying to figure out how to get the Windows IRC Client to post to Facebook, but I can't find a good tutorial for how to do this. Here's a link to the client on Facebook if you wanted to find it. fellow 360 RAR user, Unfortunately, you have to count on your friend to provide the correct code in order for this to work. I gave this a shot with a friend of mine who did not know that he needed to provide me with the correct key. I need to get in touch with him again as I will be in need for this code soon. If you don't have a friend who can provide you with the correct key, you can read about it here: full version gowlowfree.pdf e.g. fellow 360 RAR user, Unfortunately, you have to count on your friend to provide the correct code in order for this to work.
